VARIATION NUMBER 5 DATED 20 AUGUST 2008

WHEREAS

A. The Government has committed to ensuring that digital terrestrial television is available across the UK.

B. Licensees are obliged as part of the DSO process in the UK to ensure that viewers are informed as to the switching off of the analogue signal in their respective regions in good time.

C. The Licensee has requested a variation to the Licence to reduce the amount of time that licensees are obliged to provide information to viewers from nine to six months, Ofcom proposes to vary the Licence to reflect the necessary changes.

D. In accordance with section 3 (4) of the Broadcasting Act 1996, the Licensee has been given a reasonable opportunity to make representations on the proposed variation.

NOW THEREFORE the Licence shall be varied in the following manner:

1. By amending Paragraph 11 (1) (b) of Part 2 of the Annex to the Attachment to Variation 2 to now read:

   (b) provided with information about how they may receive the Qualifying Regional Channel 3 Service both before and after each appropriate Commencement Relevant Digital Switchover Date, including how to receive the Qualifying Regional Channel 3 Service in digital form, and the Licensee shall commence providing such information to the viewers receiving the Analogue Regional Channel 3 Service by means of each main station listed for the Granada region set out in the table included in paragraph 13 of Part 3 of the Annex at least six months in advance of the cessation of transmission of the Analogue Regional Channel 3 Service from each such station. The dates for this cessation of transmission will be notified by Ofcom to the Licensee.

This variation to the Licence shall come into force upon the execution of this document by Ofcom.

This document shall be construed as if it formed part of the Licence and shall be governed by English law.

SIGNED FOR OFCOM ON 20 AUGUST 2008
